Session (b): 28 March @ 0800 PST/ 0900 MST/ 1000 CST/ 1100 EST

Teams Link: [Click here to join the meeting](#)

Summary:

- The Civil Engineering (32E) career field will be hosting town (2) town hall meetings as part of the Class of 2025 Classification process.
- These meetings are open to and encouraged for all cadets, especially those submitting their career field preferences in Feb/March 2024.
- These meetings are intended to provide cadets with an idea of what a day in the life is like in each career field.
- There will be a live Q&A at the end of each Town Hall open to all cadets in attendance.
- The meeting will be recorded and posted for future viewing on YouTube for cadets that cannot attend live.

Description: The following career fields will host a town hall for all ROTC and USAFA cadets. These Town Halls will be live for cadets to attend with a period of Q&A at the end of each session. Cadets who cannot attend live will be able to review the recorded Town Hall on the AFPC Classification YouTube channel ([link](#)). Each Town Hall is designed to provide cadets with a sense of what a “day in the life” of an officer in each field is like. Each Town Hall is completely optional and is meant to provide cadets with additional information they may not be able to obtain from currently available sources. The Town Halls are especially meant for cadets currently completing their Career Field Preferences Questionnaire to help cadets make informed decisions about how they should rank each career field based on their interests, desires, and skillsets.

Questions?

Class of 2025 Cadets actively selecting career field preferences in Feb/March 2024: If you have a question for one of the career fields that is not asked during the live session, and you are not able to attend the live session to ask the question; you are encouraged to reach out to the Point of Contact provided by the career field during the Town Hall in an effort to help inform your career field preference choices.

Cadets that are NOT actively involved in career field preference selection in Feb/March 2024: We ask that you attend the Town Hall live and ask your question. If you are unable to make it to the live session, we ask that you please do **not** submit your question to the Point of Contact provided by the career field as their time is limited and focused on career field preference selection occurring this year. Instead, please consolidate the questions in your detachment/squadron and pass them to your leadership for assistance.
